Ex. 6 Personal Privacy (PP)

DEQ did not receive a response from Marathon by the date requested. DEQ will continue to reach out to Marathon, but has gone ahead and scheduled performing a Superfund Preliminary Assessment (PA) on the site for EPA.

The PA will be completed by July 31, 2016. This is the first step towards getting the site listed as a Superfund Site.

Feel free to contact me with any questions or concerns.

Have a good day.

Ex. 6 Personal Privacy (PP) you are correct. A letter was sent by ODEQ to Marathon Oil Company regarding the Ohio Oil Company facility and property. ODEQ is the lead agency for all activities related to the Ohio Oil Company. Todd Downham is the ODEQ contact, and I have included him on this message as well as Ms. Amy Britain. Todd and Amy will have the most up to date information related the Ohio Oil Company property.

Todd/Amy, is there an update that can be provided to **Ex. 6 Personal Privacy (PP)**

Ms. Coltrain,

I was told that a request was mailed to either Marathon Oil or Ohio Oil refineries with a deadline for a reply by July 1st, 2015. Is this not the case?

Sincerely,

[Redacted] **Ex. 6 Personal Privacy (PP)** at this time it is my understanding that your property is located within or near the old Ohio Oil Refinery property. The state, under the Oklahoma Department of Environmental Quality, is working to obtain information related to this property and the company.

Todd, do you have any updates related to ODEQ's investigation and its relationship to [Redacted] **Ex. 6 Personal Privacy (PP)** property?

Ms. Coltrain,

Last we spoke you informed me that the Ohio Oil Company was notified re: cleanup of my property. I am wondering if you have heard from them at all. I see where they are starting work at the Church down the street from me which has now been named a "Superfund" site. I appreciate any assistance you may offer.

Sincerely,
